## BATHWARE

"Clearly a Difference"

Clarion Bathware has been manufacturing fiberglass and acrylic bath products since 1973. With over 30 years of experience in manufacturing, Clarion has learned that the most important aspect of our business is customer satisfaction, quality and service. Our vast network of supply houses, plumbing contractors, builders and remodeling customers have come to appreciate the high level of quality and service Clarion is noted for and will not accept anything but the best. Clarion units are built using the latest technology available, with management ever mindful to supply bath units that have value, appealing design and are competitively priced. Clarion delivers its bathing products with its own fleet of air-ride trailers. Company drivers with new tractors guarantee on-time delivery and the safe handling of your new bath product. Clarion offers one of the most complete lines of fiberglass and acrylic bathware available. Our fully staffed custom mold and engineering shop has the capability of producing custom molds to your specifications, or let us solve your problem by designing and building a custom mold for your particular situation. Clarion offers a wide range of products. Tub/showers, shower modules, soaker tubs and whirlpools are all available in fiberglass and acrylic models. We also have over fifty models of assisted care units.
